## Customer Reviews

This is an awesome" go to " collection of novenas. You will find comfort and peace in the pages of this book. You will find Love the ultimate Love you will find GOD!!!!

This is a great little booklet! Unfortunately it has been 'Updated' to the 'you's and your's' of the New Times which is greatly saddening as the prayers should be kept in its original form to preserve it. Some of these will be found in Tan's 'Catholic Prayers' and THOSE are indeed in the untouched forms which they have been published for many years; however, if this doesn't bother you, by all means get this!!! Novenas are a great form of prayer as long as you are in the right disposition and they can help out so much!!! Extremely light and thin; I could put this behind the slip in the cover of my Missal cover and I would never know it was there! The only reason it gets a star knocked off is for the updating.

Very nice collection of popular Novenas. Added these little books to a Confirmation gift for some young people and they appreciated them.

Love this book.Read it every time I want divine assistance

i had been wanting this. Has many inspirational prayers

Great compact booklet I can carry with me

It's a brief volume, but a good resource

Helps with deep prayer.
