The First Americans (Chester The Crab's Comics With Content Series)

Synopsis

Chester the Crab meets the first people to live in North America. He traces the cultures of the Anasazi and Pueblo in the Southwest, the Nootka and Kwakiutl in the Northwest, the Plains Indians in the Midwest, the Mound Builders in the Mississippi and Ohio river valleys and the Iroquois in the East - and their clash with European settlers and explorers! And he tells you who Pocahontas really married. This funny, colorful graphic novel will excite reluctant readers, prepare students for standardized tests in history and help homeschooling parents!

Customer Reviews

These comics are enjoyed by our entire family. Our 10 year old son can't seem to put them down as the illustrations and content are clever and entertaining. We love how Bently Boyd brings history to life in a fun, creative and easy reading style. After my son is finished reading he can't wait to share what he read with the entire family. We have acquired the entire set of Chester Comix with Content Series and love them all. These make a GREAT gift for anyone of any age or even for teachers as they are an awesome learning tool. A gift that keeps giving. This is a definite must have for the entire family. ENJOY!

My son has read the Bentley Ford books several times.
