Age Range: 6 - 8 years

Grade Level: 1 - 3

Customer Reviews

About 2 years ago, my 2nd graders became fascinated with mummies. This led me to create an impromptu unit and gather several books on the subject. MUMMIES is a great resource in my collection as it takes the reader step by step through the mummification process. To highlight that, there are wonderful illustrations.

Read book for epals so same was recommended by children in class. In fact my epal advised that the class actually did a mock up mummy so it at least impressed them enough to keep their interest. Well written and informative.

My 2nd graders are in love with this book. Most of the pictures are drawings...so not too scary for even younger kids. But there is one real picture of a mummy, which is, of course, my kids' favorite

page! Take a fascinating topic and well-done pictures with interesting text and you've got yourself a great book!
