## Customer Reviews

I am always looking for quiet, non-showy background music to play for our Fellowship's communion services...not easy to find. I purchased all three Pure & Simple books: Worship, Praise, and Blended Worship. At first glance, I thought these arrangements would be way too simple and considered sending them back. I'm so glad I didn't! Many of the songs fit the need perfectly, and it's nice to know I can just pick one at the last minute without serious practice. It amazes me how Carol Tornquist's interesting style permeates even these very simple arrangements of popular praise and worship songs.

The songs were not my style. I didn't like it at all. I love Carol Tornquist's arrangements, but I didn't care for this book at all.

This product was not accurately described in the listing. It is VERY basic piano (maybe level 2) and not useful as church worship music. If you are a beginning student, great; if not, don't waste your time and money.
