Customer Reviews

I bought this for my grandson. Cute little story. I did not know the pages were static and in able to pinch/zoom in and out. Double tap the text and it is a bit bigger. I guess it's fine for young eyes. Hope he shots it.

I Can Read! is great to help kids find their current reading level. And with so many characters to choose from, you're sure to find one that fits your child's interest. I used these books when my kids started to read and they loved them. Paddington has been one of my favorite characters since I was a child. I can't remember exactly when I was introduced to him, but I can't help but think fondly of him to this day. In this latest Paddington novel, *Paddington Sets Sail*, the lovable bear falls asleep after a fun-filled day at the beach and wakes up to find he has been swept out to sea. Paddington's first trip to the beach turns out to be quite an adventure. *Paddington Sets Sail* is a great book for

readers who are just learning to read. It has short sentences with words kids will easily recognize. Books about Paddington are always fun to read and kids will follow along excitedly as Paddington goes on his adventure. This is a great book to add to your children's library.

My Review: Mr. Brown decided to take his family to the beach and Paddington was so excited as he has never been to the beach. He was so excited that he packed everything he had. As they got to the beach, Paddington was ready to splash in the ocean and build the biggest castle to win the contest. He built the biggest sand castle. He saw that it was perfect and sat inside of it and fell asleep. And then the tide came in and knocked down his castle and carried him off out to sea. Will the Browns ever see Paddington again or will he be rescued? The beginning reading 1 is the perfect book for young readers. The sentences are short, the words are familiar which makes it simple for them to read on their own. FTC Disclosure: I received a review copy of this book from HarperCollins in exchange for a fair and honest review. I was not monetarily compensated for my opinion in any way.

I love it
